“Dangerous (series) worth watching...” – OTTAWA CITIZEN

The road to power has no rules

It's *The Sopranos* on chrome-plated choppers in this bloody saga of a ruthless biker gang's fight to dominate their vicious outlaw world. **Michael Ironside** (*The Perfect Storm*, *Highlander*) stars in the landmark miniseries that kept international audiences riveted with its in-your-face portrayal of ambitious criminals battling for wealth and power.

For the Triple Sixers, Canada's largest motorcycle gang, the sound of breaking bones is as familiar as the roar of their choppers – and Bob Durelle (**Ironside**) is ready to cement their influence with a bold (and dangerous) scheme. Get ready as a bare-knuckled turf war explodes among the rival gangs, sucking them all into a choking black haze of money, betrayal and blood.
